STANDOUT STUDENTS
Our Standout Students for this week are Lachlan Daines for great efforts in report writing and Roger Buchanan for big improvements in fitness activities.

GREEN DAY
Written by Lachlan Daines
On Thursday September the 11th, we visited the Mudgee Show Grounds, to go to Green Day. The theme for Green Day was “Water”. Our first event for the day was looking at the water bugs. There were lots of different types of bugs, including tolerant bugs and very tolerant bugs. There was also a shrimp and a bug that looked like a stick. Then, we moved on to our next event, which was about water. We learnt how you can save a lot of water, just by turning the tap off when it’s dripping. Our next event was about short sheep, which were a special type of sheep. They were used in vineyards because they couldn’t reach the grapes, so the farmers didn’t need to mow the grass when it got very long. Our last event of the day was the surfing scientist. He taught us about what liquid nitrogen could do and he also shrunk a balloon with liquid nitrogen. Then, when he got the balloon out, he blew it and all the air was still in it. He then made a cloud using liquid nitrogen and he also made ice using liquid nitrogen.

PLANTING
Written by Trista Gurney
Last Week we planted vegetable and flowers in the garden. We planted chives, basil, sunflowers, and snow peas. Lettuce, watermelon, cucumber, tomatoes and capsicum were also planted. We planted zucchini, strawberries and corn. I can’t wait till they’re grown so we can have a fresh, delicious lunch!

SCHOOL PHOTOS
School photos will be taken on Friday 10th October at 9.30am at school. The package cost is $34.00 and family photos are available at an additional cost.

SCHOOL HOLIDAYS
Students will return to school on Tuesday 7th October.

THE TERM AHEAD
Tuesday: Students return to school
Wednesday: Melties Banking Day Library Day
Friday: School photos 9.30am
